## INSANE MOTHER KILLS TWO CHILDREN AND SELF

Despondent, Polish Woman Commits Desperate Act

Word of a shocking tragedy at Moon and Corbett's of the Tide Lake reached town this morning. It appears from the details to hand, that Mrs. Holosky a Polish widow, was found by neighbors outside her shack lying dead in a pool of blood, and her two children also dead, lying near her covered with blood. The scene was a horrible one. The evidence to hand points strongly to a case of infant murder, followed by suicide on the part of a mother temporarily insane. Dr.

The mother, who has been in mortal fear of late of losing her homestead, had been very despondent and this praying on the woman's mind is said to have made her insane. Last winter the Holosky family lived in Carlstadt for four months as wards of Government. The husband and one child died not long ago from typhoid fever. To-day the whole family is dead!

## NEW POSTOFFICE TO BE ERECTED SOON

Postmaster Collins made the welcome announcement this week that he would greatly enlarge the present postoffice building.

The present building has greatly outgrown its usefulness and he proposes to build an entirely new building directly in front of the present one, and use the present space for residence rooms. There will be accommodation in the new building for many more boxes.

Another gentleman in Carlstadt is considering building a large house before the snow flies.

Scotland & Hays' demonstration building is fast taking shape and will be a commodious structure.

F. E. McDiarmid is building a big red brick chimney, in connection with his implement warehouse and hall.

The powerful gasoline light installed in front of Woollyen's store was in use Saturday night, and proved a decided acquisition to the street lighting.

The new parsonage is being tumbled to completion and will be one of the finest houses in Carlstadt.

N. E. Stewart's new bungalow adds a splendid tinge to this growing section.

Workmen employed by E. F. Leonard this week completed the stone and concrete foundation under his bakery store.

## ANGLICANS GREET RECTOR

Another successful concert was given under the auspices of the Ladies Auxiliary of the Anglican Church last evening, the affair being in honor of Rev. T. W. Cunliffe who recently took charge of the work here. In a word the program was excellent. W. R. Johnson and Harry Johnson, as "Mr. and Mrs. Aiken," W. D. Mackay and Herbert Ketchem. Rev. Cunliffe made a few interesting remarks. Mrs. F. Jordan Isaacs, as accompanist, showed her usual skill and proficiency, and last, but not least, C. H. Wagner filled the chair to a nicety. Under the supervision of Madame Wagner and Woollyen, delectable refreshments were served. With the singing of the National Anthem, the meeting closed.

## TO CLOSE--OR NOT TO CLOSE

A petition is in circulation by the means of which Carlstadt will have their stores closed at the hour of 7 o'clock on each night of the week except Saturdays.

The idea originated at a recent Committee Meeting of the Adams Club when the question "Why is the Club not regularly attended by its members?" was set with the answer, "because we are compelled by competition to keep our stores open at all hours of the night." After long discussion the meeting decided that the merchants of the town be asked to sign a Petition agreeing to close their stores at the hour of 7 o'clock on each night of the week excepting Saturdays, evenings before local holidays such as Xmas Day and all legal holidays advertised by the town Council, and with the exception of one week before Xmas Day.

We are confident that if this petition is signed the town will greatly benefit from the idea, and we trust therefore that the Petition will be signed and the law strictly adhered to.

## TO ENJOY TOWN LIFE

Many families are moving into Carlstadt for the winter season from the surrounding district. Among the number are A. J. Hall and family, Hans Jensen and family, Frank Stead and family and C. N. Cook and family. This is causing a shortage of housing in town.

#### **Comment**

The News heartily supports the petition being circulated bylaw in Carlstadt. The merchants and clerks have often complained in the past, that social evenings were entirely out of the question as they had demands on their time right up to a late hour every night. The News realizes that there are many obstacles in the way of early closing in Carlstadt, and suggests that concerted action on the part of the stores mentioned in the petition, be taken to meet the difficulty, and if the measure is not fully accepted that some working arrangement be agreed upon, whereby all clerks and employers would have some evenings of the week to themselves. We invite correspondence on this subject but candidly we would like to see the petition go into force. Sunfield, Brooks and Bassano, are all under early closing bylaws.

## DISTRICT NEWS REPORTED BY OUR CORRESPONDENTS

### WESLEA WARBINGS

Miss Inga Langstrom is leaving here Thursday for Calgary.

We had our first snow here last night. It makes one think of the winter and wonder what we have done with our summer's wages.

The oats in this vicinity went from 15 to 45 pounds per acre. The flax went from 2 to 10.

Sixteenth of October is the anniversary of the school and there are twenty-seven children in attendance. How is that for a two-year-old township?

We hope to see a large crowd at the service in the school on October 20th, conducted by the Rev. Mr. Barrie.

Quite a number of people are leaving for the cities to spend the winter.

Mr. Wm. Stallworthy came out to work the winter on his home place, and his friend Mr. Bridgmond came with him to spend two weeks.

John Engh took a load of flax to town this week.

The people are beginning to get their winter coal in now.

Miss Vivian Wilson, who was visiting Mrs. Gray returned to her home on Thursday. When Miss Gray, she visited the school for four days. We were all sorry to see her depart.

Friday afternoon the scholars of Blue Grass put forth all efforts in rendering a fine programme. There will probably be another late in the week now, Thanksgiving. All are cordially invited to be present.

Miss G. Benjamin, daughter of Mr. C. Benjamin, left for Suffield last Wednesday where she will be married shortly. Her parents accompanied her.

Miss Ora Benjamin has been home for a few days making preparations for the coming event.

Last week—the fore part was decidedly cold and disagreeable. A slight fall of snow on Tuesday night made the roads too heavy for much hauling this week. Saturday and Sunday however were perfect days full of Heaven's promises.

The turkey are beginning to feel unhappy on account of Thanksgiving approaching so rapidly.

Sunday School in Blue Grass every week on Sunday at 3 o'clock. All welcome.

The people of Blue Grass district have organized a Sunday School, held in school house, at 3 o'clock Sunday afternoons.

There were about twenty present. Three classes were formed, the teachers—Mrs. Ellis, Miss M. Gray and Miss N. G. Harris were chosen. Superintendent, Secretary and Treasurer were also appointed.

Three hymns were sung, prayers offered and the lesson read. All joined enthusiastically in the work. We hope to have a larger attendance next Sunday.

A warm welcome is extended to all to help on the work.

School commenced Sept 14th in the school house under the instruction of Miss N. G. Harris.

P. S. Tribe, J. S. Tribe and James Tribe were in town on Monday with three loads of wheat and took home lumber, to carry on extensive building operations. The Carlstadt News will be found henceforth in their homes every week.

## Contest Decided

In the contest to decide which subscriber to this paper has sent a copy of the News to the point farthest away from Carlstadt, Mrs. Wm. Cotter takes the first prize. Mrs. Cotter has sent many copies of the home paper away to distant friends, but the lady wins by having sent copies to a lady friend residing on Marcus Island, in the Indian Ocean. Mrs. Cotter is therefore entitled to a two years subscription to this paper free.

The second prize a free subscription for one year goes to Thomas Shipley, who has regularly of late sent it to his home in far away Norway.

The contest disclosed the fact that very many copies of the paper, sent weekly to England and Scotland and many more very sent to the United States. Among other distant places sent in were: Bermuda, Island, Caledonia, South Africa and Hong Kong China.

## Want a Job?

A sympathetic friend down east sent us the following this week. Also his true!

To run a newspaper, all a fellow has to do is to be able to write poems, discuss the tariff and money questions, umpire a baseball game, report, recording, sawwood, describe a fire so that the readers will send their traps, make \$1 do the work of \$10, shine at a dance, measure, abuse the liquor habit, test whiskey, subscribe to charity, be without meals, attack fire silver, wear diamonds, invent advertisements, meet at odd jobs, overlook scandal, appease babies, delight pumpkin raisers, minister to the afflicted, heal the disgruntled, fight to a finish, set type, mould opinions, sweep the office, speak at the prayer meeting and stand in with everybody and everything.

## Local News Notes

One of the local grain dealers told us last week that, with the exception of three wagon loads, every bushel of flax that he had bought this year graded No. 1. And also, that he had not shipped a single car of wheat except No. 1 and No. 2, the big half of it being No. 1. Most certainly, this country does raise the finest grain, as the above conclusively proves.

Several of Carlstadt's young men took in a successful dance last week at the residence of Fred Wylland, 25 miles northwest of the Calgary sands. In the Carlstadt party were Vern Starr, P.
